OBJECTIVE

Highly motivated Computer Science Engineering student specialising in Artificial Intelligence and Machine Learning, with hands-on experience in full-stack web development, system management, and troubleshooting. Seeking an IT role in a healthcare environment to support, maintain, and improve hospital IT infrastructure and systems, ensuring smooth and reliable operations for medical staff and patients.

EDUCATION

Bachelor of Technology (B.Tech)

Aug 2023 – Jun 2026

Biju Patnaik University of Technology / Gandhi Engineering College
Bhubaneswar, Odisha, India

Computer Science Engineering (Artificial Intelligence & Machine Learning)

Intermediate (Diploma)

Jun 2020 – Apr 2023

State Council for Technical Education & Vocational Training / Aryan Institute of
Engineering Technology
Bhubaneswar, Odisha, India

Higher Secondary (10th)

Mar 2018

Bb High School
Kujang, Odisha, India

SKILLS

Programming	Python, JavaScript, HTML, CSS
Frameworks	FastAPI, React (with Vite), PyTorch, Sentence Transformers, Pandas
Web Development	Frontend & Backend Development, REST APIs, UI/UX Design
IT Support	System Management, Troubleshooting, System Operation, Hardware & Software Support
Networking	LAN/WAN Basics, IP Configuration, Network Troubleshooting, IT Infrastructure Support
Tools	Git, GitHub, Excel, PowerPoint, VS Code, MS Office Suite
Soft Skills	Team Management, Leadership, Teamwork, Attention to Detail, Problem Solving
Languages	English, Hindi, Odia

PROJECTS

Online System for Automatic Project Title Similarity Verification

An intelligent web-based platform that automatically detects similarity between a newly submitted project title and existing titles in the database, preventing duplication and ensuring uniqueness in academic submissions using

Natural Language Processing.

Technologies Used:

Python — Backend logic & ML integration **FastAPI** — REST API & server-side framework **React + Vite** — Interactive frontend UI **Sentence Transformers** — Semantic NLP embeddings **PyTorch** — Cosine similarity & deep learning
Pandas — CSV dataset management **CORS Middleware** — Frontend-backend communication

CERTIFICATIONS

- TATA Cybersecurity Analyst (IAM) – Practical Task **2026**
- Python Fundamental Course **2025**
- Java Full Stack Web Development **2025**
